PROFESSIONAL EXPERIENCE

First American Title Company

Jun 2021 - Present

Santa Ana, CA

Info Security Operations Intern (Compliance & Endpoint, Cloud & Network security)

- Assist SecOps teams with: ticket monitoring/assessment, meetings, analyzing issues/data, and utilized Excel to compare and show the deltas of data.
- Monitor endpoint compliance issues and ran necessary scans to ensure software compliance across company wide machines.
- Designed and refactored code for a First American SecOps web page as well as the company firewall blocked web page.

Alisos Animal Hospital

Jun 2015 - Mar 2020

Lake Forest, CA

Veterinary Technician Assistant

- Assisted doctor with medical treatment on animals including; drawing blood, administering vaccinations, bandaging wounds, and assisting in surgical procedures.
- Handled hospital errors and communication errors with clients and spoke directly with them to resolve the matter at hand.

MY APPLICATIONS

My Southern California Surf Buddy [Live](#) | [Github](#)

- A dynamic full-stack web application for Southern California locals to check weather conditions quickly at their favorite beaches.
- Multi-themed frontend UI that utilizes **React.js** and **CSS3**.
- Employs the use of **Fetch** requests to receive data from **OpenWeatherMap API** and **Google Maps API**.

Mas' Surf Shop [Live](#) | [Github](#)

- Full Stack web application designed to simulate the experience of an online surf shop.
- Manipulated data with **Node.js**, **PostgreSQL**, & **Fetch** to store products in database.
- Passed product data and callback functions as props to **React.js** components rendering to the **Virtual DOM**.

My Health [Live](#) | [GitHub](#)

- A full stack application for medical patients to keep track of their pain, symptoms and medications on a daily basis.
- Created unique responsive UI using **React.js**, **Bootstrap 4**, and **CSS3**.
- Utilized **Node.js** and **Express** to create a backend server to handle requests to a **PostgreSQL** databases.
